Dear Chuck:

Greetings in the name of our Lord and Savior, Jesus Christ.

When I at the Albany Youth Center recently, I noticed the great work that your men did in putting up the baskets, installing the glass blocks and repositioning the air conditioners in the old building. Please accept my sincere thanks for all of the extra work that you have done to help us complete this project. I know that Roosevelt appreciates the good work your men have done on the building, especially when we were faced with a time constraint of the dedication.

Thanks also for the good words that you brought to the people who attended the dedication. It was nice to have you there and to see that you able to get around without your crutches.

Again, many thanks for all that you have done in building this gymnasium for the young people on the west side of Chicago.

Sincerely,

Grey Jeffreys
