RE: OAKBROOK TERRACE

Now that the Dedication of the Oakbrook Terrace building is complete, I would like to express to you as the president of Staalsen Construction Company our appreciation for the opportunity of having worked with you.

The quality of service that we receive from you and your associates was much appreciated.

This was a difficult project for us in that there were so many diverse opinions on almost every issue. Nonetheless, your organization worked well with us and was supportive in every way. We look forward to future positive events with Staalsen Construction Company.

Sincerely yours,

David H. Riches
